Do you need help getting the IEP services your child needs?

If you live in **Delaware, Fairfield, Franklin, Licking, Madison, Pickaway or Union** counties, Disability Rights Ohio may be able to help.

The Special Education Fellow at Disability Rights Ohio, funded by The Columbus Foundation's Henry E. Coyle Targeted Fund and the Ingram-White Castle Foundation, helps parents and students with disabilities to develop the plan for a child's education, or "IEP." The Fellow can help you advocate at an IEP meeting for the educational services your child needs.
